

EPN Consulting in brief

Based in London. Engaged with Europe

EPN Consulting
The European Professionals Network

EPN Consulting is

- Consultancy
- International Network of Professionals

EPN Consulting Limited was founded in 2009 in London by Dr Ing Stefano Mainero who holds a 5-year degree in Electronics Engineering awarded by the *Politecnico di Torino* University (Italy) and has 25 years of experience in Consultancy services.

Stefano is a specialist in European Business, European Projects, Intelligent Transport Systems & Sustainable Transport, MaaS and Smart Mobility in Smart Cities.

The EPN Consulting's core team is made of a selected group of high-level professionals with over 25 years of International experience to exceed Clients' expectations.

EPN Consulting is able to provide Clients with an exclusively tailored professional service that large consulting firms find hard to supply.

About Us

EPN stands for European Professionals Network. **EPN Consulting** combines the consulting services with the network

Consultancy

EPN Consulting offers the unique experience of **Consultancy services** joint to an **International Network of Professionals**

EU Affairs

EPN Consulting is recognised in Europe as one of **the most experienced consultancies on EU projects**

EU Affairs

- European Funding & Policies
 - Assessment of Funding schemes available
 - Analysis of EU policies and their implementations
- European Projects
 - Assessment of Clients' ideas and Advising on the best calls for proposals that suit their project
 - Assistance in shaping the idea into a project
 - Writing and submitting project proposals
 - Assessment of Evaluation Summary Report and Manage the funded projects
 - Active Participation in EU projects as lead partner (co-ordinator), technical partner, dissemination manager, etc.

The EPN Consulting USPs:

- Consultants with 25+ years of experience in dealing with European Projects
- Possibility for EPN Consulting of playing different roles depending on the client and project needs (=versatility)
- Wide knowledge of past and present EC-funded projects: fast identification of the best solutions already available that can be suggested to clients
- Thanks to the wide EPN Consulting Network we ease the process of building the project consortium

Sustainable Transport

EPN Consulting firmly believe **Intelligent Transport Systems** are the best solutions to improve the quality of life in our cities

Sustainable Transport

- Intelligent Transport Systems (ITS) and Mobility as a Service (MaaS) masterplans
- ITS Architectures at city/region/nationwide level
- Search, Study and Proposal on the most effective technologies (e.g. IoT) based on independent analyses
- Strategic advices on Intelligent Mobility
- Sustainable Urban Mobility Plans (SUMPs) using ITS solutions
- Smart & Sustainable Tourism
- Electronic Toll Collection

The EPN Consulting USPs:

- We are an independent organisation not tied to any OEM – it guarantees the proposed solutions are genuinely chosen based on their effectiveness
- We are a multi-cultural company – having consultants and members scattered across Europe helps us keep an open and flexible mind
- We search for current or previous EC projects solutions that could be applied to Clients' current needs – this helps make the Consulting Time more effective as some solutions could already have been found/applied somewhere else in Europe

Business Strategies

EPN Consulting has assisted tens of companies working in several sectors and know **how to turn weaknesses in strengths**

Business Management & Development Strategies

- Mentorship to Companies Owners/Directors/CEOs
- Assistance to SMEs on how to fund their growth potential
- Training courses for professional development
- Knowledge Transfer across companies departments and/productive units

The EPN Consulting USPs:

- Thanks to decades of experience of the EPN Consulting team we can mentor Chief Executives, Directors and Owners of companies (any size) to improve business efficiency and reduce operational costs
- We have many years of experience in EU projects and, in particular, the SME Instrument scheme within the largest European funding framework Horizon 2020
- We design bespoke training courses and offer clients the opportunity to hold them at their own premises to save employees' time and preserve company's productivity
- Thanks to the wide network of contacts in Europe we can organise training courses in virtually any European City

Network of Professionals

The **EPN Consulting Network** boasts **3,000+** contacts in Public and Private sectors, Academia and Research centres
